## Measures for those with influenza or other infectious diseases

★ Precautions regarding infectious diseases subject to suspension of attendance under the School Health and Safety Act:

In principle, examinees who have been infected with infectious diseases subject to suspension of attendance under the School Health and Safety Act (e.g., influenza, measles, chicken pox, COVID-19) and have not yet recovered as of the date of the entrance examinations, and those identified by a public health office or similar agency as close contact persons (Note), may not undergo the examinations, in order to avoid the risk of infecting other examinees and proctors.

However, this does not apply to those whom a physician has determined to pose little risk of infecting others.

Please note that no special measures such as makeup examinations or refunds of screening fees are available for examinees who have refrained from taking their examinations for these reasons. We encourage examinees to do everything in their power to maintain their health leading up to the examination date.

Note:

However, those who have been in close contact with infected persons but exhibit no symptoms and satisfy the following conditions may take the examinations:

- ① They show negative results for PCR or other valid testing conducted by their local government or a medical institution under instruction from the local government.
- ② They are free of symptoms on the examination date.
- ③ They arrive at the examination location by means other than public transportation (e.g., trains, buses, taxis, aircraft [domestic flights], passenger vessels) and without exposure to crowds.

If you qualify, please contact the Educational Affairs Section of the Faculty of Fine Arts in advance.

(Tel.: 050-5525-2122/fax: 03-5685-7767/email: [bijutsu.kyomu@ml.geidai.ac.jp](mailto:bijutsu.kyomu@ml.geidai.ac.jp))

## Precautions to prevent the spread of COVID-19

We ask that all applicants taking the entrance examinations of the Tokyo University of the Arts Graduate School of Fine Arts for the 2022 academic year take care of themselves to avoid infection and safeguard their health to ensure they are in good health on the examination date. We also ask that they take the following precautions to help prevent the spread of COVID-19 and ensure the safety of all examinees:

- (1) Take your body temperature in the morning or other suitable time starting about seven days before the examination date. Look for any changes in health status.
- (2) Receive an examination at a medical institution before the examination date if you have had any symptoms such as fever or cough within the period of roughly two weeks leading up to the examination date.
- (3) Avoid taking the examination if you have symptoms such as fever or cough and a temperature of 37.5°C or above as measured on the examination date.  
In addition, examinees who have symptoms such as fever or cough must notify the Educational Affairs Section of the Faculty of Fine Arts before stepping foot on the campus on the examination date, even if their temperature remains below 37.5°C.
- (4) Whether or not you have symptoms, bring a facemask with you. Wear the mask at all times at the examination site, except during lunch. Minimize (and avoid, if possible) contact and conversation with others during breaks, lunch, and other such times.  
\* Be sure to contact the Educational Affairs Section of the Faculty of Fine Arts if certain factors make it difficult for you to wear a mask.
- (5) Bring warm clothing such as a jacket on the day of the examination. Windows in the examination rooms will be opened periodically for ventilation.  
Bring a lunch if you have examinations during both the morning and the afternoon. The dining hall and other facilities will not be open at the examination site on the examination date. Eat lunch at the location and time specified.
- (6) Ideally, examinees should get vaccinated or take other suitable measures based on their own judgment to minimize the risk of infection.
- (7) In addition to washing and sanitizing hands regularly, cough etiquette, maintaining the proper physical distance, and avoiding the three Cs (closed spaces, crowded spaces, and close-contact settings), do your best to maintain your health through well-balanced meals, moderate exercise, and sufficient rest and sleep.
- (8) We recommend using the COVID-19 Contact-Confirming Application (COCOA). This app notifies users of any possible exposure to persons testing positive for COVID-19 and provides access to prompt support, including subsequent exams by public health offices.

## 7. Submitting/Picking Up Works, Essays, Portfolios, etc.

Applicants to all research areas must submit works, essays, portfolios, etc.  
The process of submitting and picking up these materials is outlined below.

1. See “Screening examination content and methods” for each research area, starting on p. 23, for information on the content, submission methods, and other details regarding the works, essays, portfolios, etc. to be submitted.
2. You must submit a portfolio when applying to the research areas of Oil Painting, Sculpture, Crafts, Design, Intermedia Art, and Art Education. A portfolio refers to a file containing materials that provide an easily understandable overview of the applicant’s activities to date.
3. When submitting, affix a Submitted Work, Essay, Portfolio, etc. Form **For Attachment** on p. 38 of this Guidance to the cover sheet, etc. for each work, essay, or portfolio and submit a Submitted Work, Essay, Portfolio, etc. Form **For Submission** for each work to the designated office. (For a research area for which you are instructed to submit by post, enclose the Submitted Work, Essay, Portfolio, etc. Forms **For Submission** in the envelope.)

For the research area of Japanese Painting, submit only the Submitted Work, Essay, Portfolio, etc. Forms **For Attachment**.

Applicants to the research area of Intermedia Art must prepare digital files of all materials to be submitted and their respective Submitted Work, Essay, Portfolio, etc. Forms **For Submission**, save the files to a USB memory device or SD card, and send by post.

\* The main purposes of the Submitted Work, Essay, Portfolio, etc. Forms are to certify that the works submitted are those of the examinee and to prevent works from getting mixed up with those of other examinees after submission. An applicant to a department for which the certification field needs to be filled out who is unable to obtain certification in that field by his or her faculty advisor must obtain certification by another third party familiar with his or her abilities. Attach this to all works, essays, etc. unless otherwise instructed.

4. When delivering or picking up works, examinees must enter the University campus through the main gate and follow signs or instructions given by the examination staff. If you are using a shipping company, make arrangements to ensure that the delivery will arrive during the time specified for each research field and be sure to be present in person when it is delivered.  
(If special measures are required [such as use of a large crane], **be sure to consult with the relevant studio in advance**. Since there is very little parking space available on campus and around Ueno Park, vehicles must leave the premises promptly after completing delivery or pickup.)
5. The examinee him or herself must submit/pick up works, essays, portfolios, etc. at the specified date and time. (If the help of others is required, the examinee must make the relevant arrangements him or herself and must be present.) Submission/pickup is not permitted outside the specified date and time.  
(Note that works not picked up at the specified date and time will be disposed of by the University.)
6. Works that present impediments in terms of safety management, health, or sanitation will not be accepted.
7. When submitting works, bring the admission ticket printed from the Internet application site.

### \* Note

Due to the effects of COVID-19, applicants for this academic year may be asked to submit work, essays, portfolios, and other materials online in digital format in place of the procedures above.

Notification of such changes will be posted to the University’s entrance examination information site. Please check the site regularly.
