## Measures for those with influenza or other infectious diseases

- ★ Precautions regarding infectious diseases subject to suspension of attendance under the School Health and Safety Act:

In principle, to avoid the risk of infecting other examinees and proctors, examinees who have contracted infectious diseases subject to suspension of attendance under the School Health and Safety Act (e.g., influenza, measles, chicken pox, COVID-19) and have not yet recovered as of the date of the entrance examinations may not undergo the examinations.

However, this does not apply to those whom a physician has determined to pose little risk of infecting others.

Please note that no special measures such as makeup examinations or refunds of screening fees are available for examinees who have refrained from taking their examinations for these reasons. We encourage examinees to do everything in their power to maintain their health leading up to the examination date.

## Notes on taking the examinations

1. Examination information beyond that provided in this Guidance will be announced via campus bulletin boards, the University website, and other media on the day of the examinations. Be sure to check for such information before coming to the campus.
2. Viewing the examination location before the examinations, photographing the examination location, and other such actions are prohibited.
3. Use of mobile phones and electronic devices with photographic or communication functions on campus is prohibited. Note that such devices may be removed and retained by the University during the examinations.
4. Examinees who engage in inappropriate action (including prohibited acts) will receive failing scores on the relevant examinations and will be barred from sitting for subsequent examinations. Their examination results may also be invalidated, even after admission.
5. Examinees should arrive for the examinations at the meeting times and locations indicated in this Guidance.
6. Examination times will not be extended for examinees who arrive late. If you anticipate delays or disruption of public transportation due to snowfall or other reasons, take precautionary measures, for example, arriving the night before at lodgings near the examination location.
7. Be sure to bring your admission ticket. Contact the Educational Affairs Section of the Faculty of Fine Arts if you forget or lose this ticket.
8. Do not take forms or other materials distributed by the University with you unless instructed to do so by the proctor.
9. Examinees are not permitted to enter buildings, classrooms, or other facilities other than the locations specified for the examinations.
10. Follow all of the proctor's instructions during the examinations.
11. Bring a lunch and beverage if the examination spans both morning and afternoon hours.  
(Examinees are not permitted to leave the campus during breaks.)
12. The entire University campus is non-smoking, even during lunch break.
13. Contact the Educational Affairs Section of the Faculty of Fine Arts immediately in the event of any change in the information provided on the application form. Note that you will not be permitted to change your desired department or chosen subjects.

## 7. Submitting/Picking Up Works, Essays, Portfolios, etc.

Applicants to all research areas must submit works, essays, portfolios, etc.  
The process of submitting and picking up these materials is outlined below.

1. See “Content and method of examination” for each research area, starting on p. 19, for information on the content, submission methods, and other details regarding the works, essays, portfolios, etc. to be submitted.
2. You must submit a portfolio when applying to the research areas of Oil Painting, Sculpture, Crafts, Design, Intermedia Art, and Art Education. A portfolio refers to a file containing materials that provide an easily understandable overview of the applicant’s activities to date.
3. When submitting, affix a Submitted Work, Essay, Portfolio, etc. Form **For Attachment** on p. 35 of this Guidance to the cover sheet, etc. for each work, essay, or portfolio and submit a Submitted Work, Essay, Portfolio, etc. Form **For Submission** for each work to the designated office. (For a research area for which you are instructed to submit by post, enclose the Submitted Work, Essay, Portfolio, etc. Forms **For Submission** in the envelope.)  
For the research area of Japanese Painting, submit only the Submitted Work, Essay, Portfolio, etc. Forms **For Attachment**.

\* The main purposes of the Submitted Work, Essay, Portfolio, etc. Forms are to certify that the works submitted are those of the examinee and to prevent works from getting mixed up with those of other examinees after submission. An applicant to a department for which the certification field needs to be filled out who is unable to obtain certification in that field by his or her faculty advisor must obtain certification by another third party familiar with his or her abilities. Attach this to all works, essays, etc. unless otherwise instructed.

4. When delivering or picking up works, examinees must enter the University campus through the main gate and follow signs or instructions given by the examination staff. If you are using a shipping company, make arrangements to ensure that the delivery will arrive during the time specified for each research field and be sure to be present in person when it is delivered.  
(If special measures are required [such as use of a large crane], **be sure to consult with the relevant studio in advance**. Since there is very little parking space available on campus and around Ueno Park, vehicles must leave the premises promptly after completing delivery or pickup.)
5. The examinee him or herself must submit/pick up works, essays, portfolios, etc. at the specified date and time. (If the help of others is required, the examinee must make the relevant arrangements him or herself and must be present.) Submission/pickup is not permitted outside the specified date and time.  
(Note that works not picked up at the specified date and time will be disposed of by the University.)
6. Works that present impediments in terms of safety management, health, or sanitation will not be accepted.
7. When submitting works, bring the admission ticket printed from the Internet application site.

### \* Note

Due to the effects of COVID-19, applicants for this academic year may be asked to submit work, essays, portfolios, and other materials online in digital format in place of the procedures above.  
Notification of such changes will be posted to the University’s entrance examination information site. Please check the site regularly.

## 8. Content, Schedules, and Other Notes of Entrance Examinations

- \* The exemption or deferral of enrollment fee/tuition and most scholarships for international students are available only to those with student visas.
- \* Be careful not to submit duplicate applications for certificates of eligibility for residence. (For example, if you are also accepted to another university or if you already have a valid certificate of eligibility for residence for some other reason. No certificate will be issued if duplicate applications have been submitted. If you are requesting the University to apply for a certificate on your behalf, ask any other institution to which you have already applied to cancel your application.)

## 12. Exemption/Deferral of Enrollment Fee/Tuition

This scholarship program pays benefits of 50,000 yen per semester (100,000 yen per year; repayment not required) to students who would find it difficult to pay the tuition fees for financial reasons but are not eligible for exemption from the above tuition fees because they do not meet the standards for recognition of high scholastic standing.
